TYPES OF MEME

1. The Classics:

These are the memes that will never, ever die out.

2. The Trenders:

They last about a month before burning out and collapsing into a black hole, never to be seen again

3. The One-Hit Wonder:

These memes only appear once that are absolutely stunning, and will almost certainly never be seen again.

4. The Social Media:

When you collect and share the image of social media by placing textual content

5. The Series:

These memes tend to be either made or compiled into a collection.

6. The Niche:

These memes that are only available to a very specific audience.

7. The Obscurity:

This type is only available to a particular audience and most of the time it doesn't have a meaning

8. The Slapstick Humor:

This is when the "Trenders"- gets so tired of itself that it will do whatever it takes to make itself funny.

Trenders - someone who says or acts in a way that is trending at the time

9. The Comics:

Cartoons that shows interest in of an issue or conversation.

10. The Nonsensical:

A meaningless meme that begins perfectly normally of an issue, event, or conversation before warping into something so out of place that your audience bursts out laughing before you even realize what you're reading.

11. The Fanbase:

Any memes of a fan-based group/band.

12. The Wholesome:

Discussion of a topic that is a current issue and making it as wholesome topic/issue that people can relate to.

13. The Puntastic:

These memes tend to be the combination of a global brand

14. The Education:

Learning by creating education topic that audience can relate.

Three Choices:

- A. Math
- B. Coaching
- C. Economics

15. The Locality:

Local memes that are specific to countries.
